WASHINGTON NEWS IN BRIEF.

(EXCLUSIVE DISPATCH.)

WASHINGTON, Dec. 4.—There is increasing evidence that in return for acceptance of the Hughes naval program Japan wants a pledge that the United States will not proceed further with the establishment of naval bases or construction of fortifications in the Pacific.

Out of the Washington conference China will regain Shantung and Wei-Hai-Wei, get an increase of tariff rates, removal of foreign postoffices, a commission to study withdrawal of extraterritorial rights and reaffirmation of her territorial and administrative integrity.

It is suggested that Russia may be invited to a second conference here in April at which financial and economic problems will be discussed and an understanding arrived at between the United States, Russia and China.

The program for tariff legislation is expected to take more definite shape this week, with the presentation to Congress of President Harding's message.

A suggested tariff policy for the United States which, if accepted, would mean a radical departure in some instances from past principles and practices will be put to a referendum vote on Wednesday of the 1400 commercial organizations making up the membership of the Chamber of Commerce of the United States.

Mrs. Kitty L. McDonald, Mrs. Dorothy O'Dea, Mrs. Adeline M. Nelson, Miss Louise Winterburn and Mrs. Helen M. Hubbard.

ONE BLANK VOTE.
From four jurors it was learned that the first ballot showed nine for acquittal, two for conviction and one blank vote. The blank vote was cast by Kilkenny. Mrs. Hubbard and Miss Winterburn cast their ballots for a verdict of guilty.

The second ballot stood at nine for acquittal and three for a conviction. Kilkenny had joined Mrs. Hubbard and Miss Winterburn. On the third ballot Miss Winterburn voted for a verdict of guilty and the score remained nine for acquittal and three for a conviction until the last ballot, when Miss Winterburn again voted for an acquittal verdict. The last ballot was ten for acquittal and two for conviction. At no time, four jurors stated, did Mrs. Hubbard sway from her opinion that Arbuckle was guilty. The two other votes cast for a conviction, the four jurors interviewed added, would have been cast for an acquittal had Mrs. Hubbard changed her verdict on any of the ballots.

JURY EXCUSED.
The foreman told the court that the final ballot was ten to two.

"In behalf of the State, if your honor please," said U'Ren, "I think, in view of the effort made by the foreman of the jury and each juror individually, that they should be discharged, in view of the time that they have taken in

their deliberations and the positive statements that they have made."

Said McNab:

"I cannot help expressing at this time the deep gratitude of the defendant for the patient attention they have given to the trial of this case, but nevertheless to adhere to that rule we feel belongs to the sacredness of court procedure, it is a matter entirely within your honor's discretion."

"I believe you have reached the determination which you have reached conscientiously and that is 'your verdict.' Judge Louderback told the jurors:

"The jury will be ~~exonerated~~ excused. You are excused."

There were two jurors who voted for conviction, according to Fritz. His statement in full follows:

"I make this statement as a duty to the public.

"There was a tacit understanding that the members of the jury would not make individual statements. I have learned since that a number of the jury have however, done so, and I believe, as foreman, that it is well for those interested in the administration of justice, that the citizens of San Francisco should have facts.

"The ten members of the jury who voted on the last ballot for acquittal felt that they voted on the evidence — fully considering it all. One of the two minority refused to consider the evidence from the beginning, and said at the opening of the proceedings that she would cast her ballot and would not change it until hell froze over. The other was fluctuating, sometimes casting a blank ballot, sometimes voting for the

STRIKES HIT GERMANY.

Workers in Steel and Engineering Industries Demand More Pay; Employees Ask "Living Cost Bonus."

(EXCLUSIVE DISPATCH.)

WASHINGTON, Dec. 4.—From reliable sources in Germany the Department of Commerce is advised that labor unrest is again appearing in that country concurrently with the sharp decline in the value of the German mark, and advancing costs of necessary food and clothing there. Workers in the engineering and steel industries of the Dusseldorf area are now striking for increases in wage rates.

It is said to be difficult to maintain operations in the plants at Dusseldorf. As a general average, the striking workers are demanding a 75 per cent increase over the current rate of pay.

In the Krupp works at Essen, employing about 50,000 men, a formal demand has just been presented to the management for a "living cost bonus" of 2000 marks per month to each employee. A bonus is required by the workers because of the recent and continuous price advances of necessities in terms of their currency, which has suddenly approached worthlessness.

It is not anticipated that this demand of labor will remain undisputed long, for it seems clearly recognized both within and without Germany that the profits of manufacturers from exports are enormous and sometimes voting for the prosecution.

INSULT TO JURY.
"Considering all the evidence, it seemed all the prosecution's case was an insult to the intelligence of the jury. It asked us to substitute conjecture for facts without showing what had been done, and asked us to guess only one way."

Human liberty and American rights should depend not upon guesses of anybody, but upon evidence. [Signed.] "AUGUST FRITZ."

In a statement following the jury's return, Arbuckle declared one of the five women jurors had prevented his acquittal "because she refused to allow her fellow jurors to discuss the evidence or reason with her, and would not give any reason for her attitude." He did not name the juror.

Dist. Atty. Brady said that Arbuckle had been given a "fair and honest trial," and complimented the jurors who held out for conviction as having courage and determination. "He was not in court when the jury reported."

ing message from Dist. Atty. City.

"Complaints have been made to this office concerning the carrying on of an enterprise for the distribution by lot of prize money through your newspaper published in the city of Chicago."

"An examination of the facts discloses that while I do not find you have in this matter used the United States mails, or transported in interstate commerce, you have created a condition in which it seems inevitable that if the Federal law relating to such matters has not already been violated, there is imminent danger that it will be. Persons not knowing of such law will most likely employ the United States mails or will carry interstate some of this newspaper matter relating to prize distribution, and perhaps innocently thereby become subject to criminal prosecution."

"In view of the threatened and already existing consequences of conducting such an enterprise, I request that, promptly upon the receipt of this communication, it be discontinued and withdrawn. Yours truly,

"CHARLES F. CLYNE,"

U. S. Attorney."

The government's warning was heeded by both papers and the contests immediately discontinued. As a result of the insistent interest of postoffice authorities in the Hearst "grab-bag" scheme here, the local organ of the absentee publisher beat a hurried retreat to cover. In an adroitly worded article the local Hearst organ announced the suspension of the contest as a "favor" to the Postmaster-General, this without even mentioning the word "lottery" anywhere.

A RMS PARLEY IN NUTSHELL.

"Times" is Issuing Special Edition Weekly on Historical Conference.

Every Friday during the Disarmament Conference now in progress in Washington The Times will reprint from its daily issue a special illustrated four-page edition giving all the important developments of the history-making parley of nations for the week preceding. The first was issued Friday, November 18.

The Times has arranged for exhaustive reports on the proceedings of the conference to be written by experts of international reputation. These reports, which are those appearing daily in The Times, will be conveniently arranged and edited and will all appear in this weekly summary of the conference without the interpolation of other extraneous news matter. For many persons who desire to preserve a complete record of this peace parley of the world powers, incomparably the most important one in history, these special editions will be of immense value.

The four-page sheets will not be included in the regular editions of The Times but are on sale at the Los Angeles main and branch offices of The Times at the nominal price of 5 cents, or will be mailed to any address on receipt of that sum in stamps. They will be furnished free to any school teacher on application.

statements in which he condemned the plant representation plan, asserting the so-called employees' representatives were in reality designated by the packers and that if they advocated the interests of the workers in the plant conferences they would lose their positions.

TO IGNORE COURT.

"In Kansas City, Kan.," he said, "the packers are appealing to the Kansas Industrial Court for injunctions to prevent the local officials there from calling a strike. Yet wires from that city inform us that if the other meat centers do as well as the Kansas City union men the strike will be won within one week. From St. Paul comes the information that the workers will walk out 100 per cent. The same holds true of East St. Louis, Wichita and other points."

STAGE RIOTS TO LOWER LIVING.

COMMUNISTS SAY DESTRUCTION ACTUATED BY DESIRE FOR ATTENTION.

(BY CABLE-EXCLUSIVE DISPATCH.)

VIENNA, Dec. 4.—The 400 Communists who were arrested in connection with the riots of last Thursday, explain that the destruction was actuated by a desire to attract attention to the distress and the reduced standards of living. There is considerable sympathy toward the rioters among the middle classes, educational staffs and Americans and other foreigners.

In the meanwhile the government has ordered the suspension of the Red flag, the Communist official journal and has taken steps to curb the radical elements. There are 40,000 organized Communists in the city.

El Proceso de Arburck.
SAN FRANCISCO, Dec. 4.—El proceso que se le instruye a Roscoe Arburck y que fue llevado a cabo el día de ayer, concluyó hoy, cuando el Sr. Juez Louderback, después de haber escuchado los argumentos de la defensa y de haber considerado el veredicto de los jurados, declaró que el acusado era culpable de asesinato. Como es de costumbre en casos semejantes, cuando el jurado no puede llegar a un veredicto, hoy un segundo jurado se le dio para que se le declarara culpable o no culpable. El Sr. Arburck fue conducido a la cárcel para ser encarcelado hasta el día de mañana, cuando se le dará un nuevo juicio.

Conferencia Sobre el Desarmamento.
WASHINGTON, Dec. 4.—Hay una gran cantidad de razones para creer que el desarmamento de las naciones es una tarea que no puede ser llevada a cabo sin la cooperación de todas las naciones. En una conferencia que se celebró en Ginebra, Suiza, el día de ayer, se discutió la posibilidad de un tratado de desarmamento que obligara a todas las naciones a reducir sus armamentos a un nivel que fuera compatible con la seguridad de todas ellas.

Theaters in Germany Doing Rushing Business Despite High Prices.

(EXCLUSIVE DISPATCH)
NEW YORK, Dec. 4.—The theater business is so good in Germany that the managers can't raise the price of admission high enough to turn away their patrons. Simon Gest, brother of Morris Gest, the theatrical producer, said yesterday on his return from Europe aboard the George Washington, which came from Bremen by way of Cherbourg and Southampton.

"The price of admission was raised fifteen times and the actors' salaries ten times in the five months I was there," said Gest. "Long lines wait for admission to all the theaters, although the price of general admission is 120 marks."

PLAUSIBLE PROPOSAL.

"While we are not likely to agree to scrap existing fortifications in Hawaii, a much more plausible proposal is the prohibition of further fortifications. At first sight this would appear to be analogous to the naval holiday. Technical experts can be depended upon to advise the American delegates of the difference but it is almost equally important that the public be informed.

COULD SHELL ISLANDS.

"Secretary Hughes' proposal would leave Japan one 16-inch gun ship, the Negato, to which Japan is strenuously endeavoring to add her sister, the Matsui. The heaviest guns on Hawaii are two 14-inch rifles on disappearing carriages. Either Japanese ship could be out of range and shell all the batteries on the island of Oahu, or, what is more important, the naval base at Pearl Harbor which they are intended to defend.

WE SHALL HAVE NO ADEQUATE DEFENSE TO HAWAII UNTIL WE SUPPLEMENT EXISTING FORTIFICATIONS WITH A FEW 16-INCH GUNS MOUNTED SO AS TO ENABLE THEM TO EQUAL THE RANGE OF THE NEW NAVAL GUNS OF THE SAME CALIBER. WE HAVE MANUFACTURED AND PROVED SUCH GUNS, BUT SO FAR AS HAWAII IS CONCERNED, HAVE NONE IN PLACE."

The World Today

By JOHN P. BURKE
Vice President, The First National Bank of Los Angeles

As Chairman of the Los Angeles Budget Committee, I earnestly invite all those interested in the reduction of taxes to attend tonight's meeting and hear Mr. Pratt's message. There will be no solicitations of funds or memberships at this meeting.

John P. Burke

In an effort to mobilize the business men of the country into a nation-wide "Budget Guard" for the support of a national economy and lower taxation, John T. Pratt, Chairman of the National Budget Committee, is heading a delegation of prominent speakers on a transcontinental tour covering 883 cities in the United States.

The meeting for the purpose of organizing the Budget Guard in Los Angeles will be held tonight at the Chamber of Commerce Building, where a smoker entertainment will be provided. Sylvester L. Weaver, President of the Chamber, will preside and Mr. Pratt will be the speaker of the evening.

The budget delegation, headed by Mr. Pratt, left New York, Nov. 14, Chicago was the first objective, with stops at Pittsburgh, Cincinnati, Covington, Ky., and Indianapolis. At Chicago a second relay of prominent speakers accompanied Mr. Pratt as far as Duluth, stopping en route at Milwaukee, Minneapolis and St. Paul. Another relay of speakers took up the trip from Duluth to Seattle, where a flying squadron of Pacific Coast business men joined Mr. Pratt and accompanied him to San Francisco. From Los Angeles other groups will form relays to Texas, Florida and the trip up the Atlantic seaboard from Jacksonville.

Among the citizens of national prominence who are assisting in the six weeks' speaking campaign to prepare the public to support the nation's next budget, which will be ready late this month, are Dr. Nicholas Murray Butler, Benjamin Stowe, the prominent New York banker; Governor Henry J. Allen of Kansas; Paul M. Warburg, R. C. Lettingwell, former assistant Secretary of the Treasury; Chester H. Rowell, Alton B. Parker, Dr. Samuel McCune Lindsay and others. Chief Justice William Howard Taft is one of the directors of the Budget.

Arrangements for public meetings throughout the trip are made for the "Budget Guard" speakers before Chambers of Commerce, Rotary and Kiwanis Clubs, and other civic organizations in each city. Local State and city chairmen, with the cooperation of Governors who are Honorary State Chairmen and mayors who are Honorary City Chairmen, are assisting in arrangements for the meetings in various cities.

The program of the National Budget Committee, a non-partisan organization, which for years has sponsored the national budget system and business administration of governmental expenditures, has been endorsed by President Harding.

CONGRESS CONVENES TODAY

Session Expected to Last Seven Months; Harding Will Deliver Message on Tuesday.

(BY A. P. NIGHT WIRE)
WASHINGTON, Dec. 4.—The Sixty-seventh Congress will convene for its second session tomorrow. After a ten-day rest following the extra session, House and Senate return to face tasks which leaders predict will occupy probably seven months. Nearly a dozen questions of legislative policy confront the members, while scores of lesser matters will be pressed.

President Harding plans to deliver his message Tuesday. Probably for the first time in American history, it will be delivered before members of an international conference. Many arms delegates are expected to attend.

DISCUSS CANAL TOLLS

It appeared highly probable that no consideration would be given the naval supply bill until some information is had of probable results of the arms conference, while that dealing with Army funds is slated for late study because it may also be affected.

IRA NELSON MORRIS SAVES GIRL'S LIFE.

(EXCLUSIVE DISPATCH)
NEW YORK, Dec. 4.—When Ira Nelson Morris, United States Minister to Sweden, arrived today on the Scandinavian American liner United States, fellow-passengers told how he had saved the life of Miss Ellen Neilson, a 19-year-old Brooklyn girl, in mid-ocean. When the liner was being buffeted by a northwest gale and an angry head sea, Miss Neilson was walking along the boat deck on the port-side, when the ship suddenly lurched to starboard. The girl went sliding across the slippery planks to the opposite side and was caught in the water and swept overboard. Mr. Morris saw her in peril and went to her aid. He caught her and held her until the vessel came back on an even keel. Then he conducted the young woman, uninjured, but soaking wet, to the saloon companionway.

SIX DROWN AS CAR GOES INTO CANAL.

(BY A. P. NIGHT WIRE)
TOLEDO, Dec. 4.—Six persons, two men, two women and two babies, were drowned today when the automobile in which they were driving toward Toledo went over a high embankment on the river road near Waterville and dropped into the canal. The victims were found by a farmer.

VOICES JOIN IN "ONWARD" CHRISTIAN SOLDIERS" AS GREETING TO FOCH.

THOUSANDS DO HONOR TO MAKER OF VICTORY.

Allies' Generalissimo Acclaimed by Cheering Throng on Triumphant Way Through the City.

While hundreds joined in singing "Onward, Christian Soldiers," Marshal Ferdinand Foch, Christian soldier of the allied nations and foremost military leader of modern times, began his visit to Los Angeles yesterday by attending mass at St. Vibiana's Cathedral.

Thousands of citizens congregated at railway station, church and park to catch a glimpse of the great commander-in-chief of the Allied forces. He arrived at 10 a.m. and left at 4:45 p.m. During that time he participated in fifteen events, but first on the list came devotions.

After a brief stop at the cathedral, where he was met by a delegation of prominent members of the church, headed by Louis J. Murphy, pastor, and a group of secretaries, he proceeded to the cathedral, where he was met by a delegation of prominent members of the church, headed by Louis J. Murphy, pastor, and a group of secretaries.

At the cathedral, before Marshal Foch took his leave, he was presented with a great basket of Lady Russell roses. The gift, from 18,000 members of the Knights of Columbus in this State, was handed to the marshal by Little Blanche Coyne, daughter of Mr. and Mrs. D. Joseph Coyne.

From the cathedral the official party and prominent citizens drove through the streets of the business district, proceeding to Bovard Field where the American Legion held a brief reception. Heroes of the World War, representing their respective nations, carried their respective flags and formed a color escort.

At Bovard Field. In the center of Bovard Field stood the French box car, "40 Hommes et 5 Chevaux" and its motor, headed toward a charred pile of railroad ties, remnants of a recent collegiate celebration.

Awaiting the arrival of the distinguished guest, in the immediate foreground and at the center of the grand stand, stood the group of color bearers and the patriotic "Sammy Sisters," with their silver bugles which blared in sixty-nine cadences of this country during the World War.

Between this group and the edge of the field and occupied by 800 disabled veterans brought in for the occasion from the various hospitals and sanatoriums of Southern California. A number of the veterans were in wheel chairs, crutches were in evidence and the general aspect of the men showed a pallor of cheeks, clearly indicative of the long strain of physical disability suffered as the result of service for their country.

PADEREWSKI PRESENT. Prominent in the front row of the grand stand were Mr. Ignace Jan Paderewski and his wife, accompanied by Mr. and Mrs. J. E. O'Donnell.

At the Southeast corner of the field, in the shade of the University buildings, were tables with refreshments piled high upon them for the veterans and their friends.

The refreshments were served by the women of the American Legion Auxiliary, assisted by Victory Post No. 54, and Los Angeles Post No. 2. Mrs. Carol Marks, national president of the American Legion Auxiliary, was chairman of the hostess committee.

A white spot in the grand stand was a group of fifty members of the Red Cross Nursing Service, their white caps and red-lined capes producing a dazzling effect. They were fifty strong and were in command of D. C. MacWaters, chairman of the Los Angeles Chapter, American Red Cross.

OYAMA STAND. Japanese Consul Oyama occupied a prominent position in the grandstand.

At ten minutes to 11 noon the party had not yet arrived, and a feeling of unrest manifested itself a stir through the throng. The assemblage was cheered up by an announcement, most desiring to attend the luncheon at the Ambassador would be welcome.

The announcement was greeted with a cheer.

Just before the arrival members of the Overseas Club marched into the field, and took position in the grand stand adjoining the unit of Red Cross Nurses.

Mr. Robert P. Holmes, Miss Marie Lindsey and Mrs. Helen A. Chase of New York, three Red Cross overseas women, were in uniform. They were an attractive group.

SIRENS ANNOUNCE ADVENT. At last the scream of sirens announced the coming of Marshal Foch, and the throng burst through the field gate at the northeast corner, followed by the official procession which circled the field to the right, drawing up in front of the grand stand.

"There he is!" was shouted in the grand stand and enthusiastic applause rang out on all sides. A moment later the car of Marshal Foch came into position directly in front of the grand stand.

Seated in the car were Col. MacNider and Mr. Bentous.

Mr. Dase introduced Marshal Foch, saying:

"Comrades, and ladies and gentlemen, I take pleasure this morning in introducing your former leader, the world's greatest military genius, Marshal Ferdinand Foch of France."

"I am particularly happy to be here today," said Marshal Foch, "and find myself among the men who served with me in France. I repeat again that I am glad to be with them and theirs."

"I am particularly happy in finding the wounded so well looked after. Everywhere I have been, I have found them, in the best of condition, and I now wish for their speedy recovery. From the expression on their faces I can see that all goes well with them."

SHAKES HANDS IN SPIRIT. "I shake hands with each and everyone of you. I am very sorry that I cannot pass through the crowd and shake hands with each and every one of you, but I ask you all consider I have taken each by the hand."

E. E. Hayden one of the American fighters who wears the Congressional Medal of Honor, was presented to Marshal Foch.

ALLED SPIRITUAL LEADER.

Marshal Foch Hears Himself Eulogized as Knight of Old at Mass in St. Vibiana's.

Likening Marshal Foch to the knights of old who laid their swords upon the altar, consecrating them to noble purposes, Bishop Cantwell delivered an impressive oration yesterday morning at a low mass in St. Vibiana's Cathedral, at which the great leader of the Allied armies in the World War knelt and bowed the knee in homage to his Maker. Following were the bishop's remarks:

"It is told in ancient history that the candidate for knighthood placed his sword on the altar of some holy sanctuary and consecrated it to noble purposes by prayer and virtuous life."

"A sword so dedicated might not be drawn save in the defense of widow and orphan in chastisement of perjured faith in vindication of justice and of truth."

"In a later day the world's legions went down to fight in modern Armageddon and thought to find in the marshalling of gallant men and in the rain of shot and shell alone the achievement of victory. All did not reason thus. The first general of the age would recall to those who battled by his side a memory of the chivalric days and a vision of ancient knighthood."

The leader of the embattled hosts, a marshal of gallant France, a great Christian layman, believed that the things worth while, in war no less than in peace, come to us from a Providence that shapes our ends. He prayed the spirit of wisdom upon the deliberations of his council and asked the God of Battles to strengthen the arms of his soldiers and to grant victory to his banners."

Marshal Foch! We welcome you to this holy place. You, by your courage, by your gentleness, by your simple faith, have won the love of thousands, the hearts of little children as well as loyalty and affection of men of iron. This is true, whether they kneel with you at the same altar or at an-

other. You have taught the children of men how to combine loyalty and love strong as death to the fatherland with kindly faith and tender obedience to the religion you confess. You have rendered that religion and personal piety do not weaken and debase, but elevate and ennoble; that the religious and true patriotism are not incompatible. You have taken for your motto in life, 'Pro Deo Pro Patria' for God and Country. You have rendered to Caesar the things that are Caesar's and to God the things that are God's. May your coming and your going be happy and propitious. May your years be long and the evening of your life be blessed. May you see your loved country renewing her youth like the eagle, and perpetuating unto other generations the glories of gallant France."

STUCK BY CAR. Mexican Youth Dies in Hospital Following Auto Crash.

Paul Gonzalez, 3004 Malabar street, a Mexican youth, died at the Receiving Hospital at 3 a.m. yesterday from injuries received in an automobile accident at First street and Boyle avenue. He was struck by a car driven by William E. Mann, 4008 Princeton street, according to police. Internal injuries and a basal skull fracture caused death. The body was removed to the Butten undertaking parlors.

LODGE ELEFTS. Orange Grove, No. 31, L.O.F.F., elected officers Saturday night for the coming new-year term as follows: E. R. Longley, Chief Patriarch; D. M. Kuter, High Priest; J. A. Anderson, Senior Warden; M. M. Hunt, Recording Scribe; J. W. Dutton, Financial Scribe; P. A. Canady, Treasurer; W. H. Sayles, Junior Warden; G. W. Alexander, Trustee. The new officers will be installed at the first meeting of the new year.

CHECK GIFT IS SURPRISE TO MARSHAL

Foch Recipient of Donation from Arthur Letts for French Hospital.

It remained for a citizen of Los Angeles, Arthur Letts, to make the first financial "heart" gift to Marshal Foch received by the distinguished soldier in his crossing of this continent.

At the conclusion of the luncheon at the Ambassador, Mr. Letts waited upon the French generalissimo in his apartment and handed him a check for 25,000 francs—a donation to the tuberculosis hospital in France for disabled soldiers, in which Marshal Foch is greatly interested.

Receiving the check, Marshal Foch stood speechless for a moment.

"I do not know what to say to you Mr. Letts," he finally said. "You have taken me completely by surprise. Words fail me. When I recover myself I will write you a letter and express my thanks."

Commenting on this gift as he sped to South Pasadena, Marshal Foch said: "I have received all the most everything imaginable on this tour, but this is the first gift that will assist one of the interests of my heart. All the rest have been personal."

Booze Bandits Find No Hooch; Get Fruit Juice.

Burglars believed to have been seeking booze found nothing but orange juice when they broke into the Wilshire Pharmacy, 2724 West Seventh street, early yesterday morning. M. V. Buck reported to police that one gallon of orange juice and 180 cigars had been taken. Entrance was gained by using a jimmy on the front door.

SOUSA AND HIS BAND HERE IN JANUARY.

John Philip Sousa, the march king, is to visit Los Angeles next month after a two years' absence and conduct a series of concerts with his band here and throughout the Southwest. It is probably the concert will be given in the Philharmonic Auditorium.

Mr. Sousa first visited Los Angeles in 1892, when he was director of the Marine Band. He has since toured this country and Europe with his own organization, with the exception of twenty months during the war, when, as a lieutenant-commander in the Navy, he had charge of the recruiting of all the musicians and the organization of several hundred bands.

FOR ELECTRICAL WORK. Electrical work in Southern California will be under the direction of the Electric Club's luncheon at the Alexandria today, when John A. Britton, vice-president and general manager of the Pacific Gas and Electric Company of San Francisco, will address the club on "California's Industrial Future." Mr. Britton is the dean of the electrical industry on the Coast and one of the pioneer in the development of electrical power. S. M. Kennedy vice-president of the Southern California Edison Company, in charge of public relations, will preside.

LEADS ALL IN HOME BUILDING.

Los Angeles First, Reports National Chamber.

Exceeded Only by Two Cities in Other Lines.

Beats San Francisco, Seattle Combined, Two to One.

WASHINGTON, Dec. 4. — Los Angeles led the procession in the increased construction of dwelling-houses in this country during the first ten months of 1921, according to information obtained by the civic development department of the Chamber of Commerce of the United States.

Construction figures furnished by forty-four important cities show that during the period from January to October of the present year about \$602,000,000 went into new construction, while during all 1920 the total in the same cities was only \$3,000,000 more. During the shorter period this year 57.9 percent of the total was for dwelling-houses, as against only 36.1 per cent in 1920.

Figures from some of the reporting cities are not brought up to date, as it is not universal practice to make monthly reports, and the indications are that the dwelling percentage will be larger when all figures are in, according to the national chamber's report.

ESTIMATED COST. The estimated cost of all construction reported in the forty-four cities for ten months of 1921 exceeds \$220,000,000, of which \$124,000,000 is residential and \$96,000,000 nonresidential. Alterations, repairs and special construction cost \$119,000,000. Not only would these totals be increased if all reports were up to date, according to the national chamber, but as costs have been reduced, each dollar this year represents an increased volume of construction.

The total estimated cost reported by the same cities for the entire year 1920 was \$798,000,000.

The forty-four cities included in the report are Los Angeles, Oakland, San Francisco, Birmingham, Denver, Hartford, New Haven, Washington, Wilmington, Atlanta, Kansas City, Kan.; Louisville, Baltimore, Boston, Fall River, Lynn, New Bedford, Somerville.

AN URGENT MESSAGE FROM THE GOVERNORS OF 41 STATES

To Twenty Million School Children OF AMERICA

gathering in many decades and every student who desires a complete knowledge of history must read and watch its proceedings.

I think it vitally important to instruct the youth of the country relative to the great historical event now transpiring at the Washington Disarmament Conference. Our children should be helped to understand thoroughly what is being done to prevent a recurrence of the horrible world tragedy we are now emerging from.

ROBERT D. CAREY, Governor of Wyoming.
The history of the Disarmament Conference should be impressed upon the minds of the school children of America. The United States leads in a movement that promises more for the peace of the world than any gathering of statesmen should expect to achieve. Through our Educational Commission I have suggested that the schools of Wyoming observe the opening phase of the Conference, from its inception to final adjournment. With the minds of the students of the Nation focused upon the proceedings of the Conference, to the end that the peace of the world may be secured, their conclusions conform to the dominant will of the peoples of the earth.

TO the FATHERS and MOTHERS of AMERICA

pages every week a careful review and explanation of the Proceedings of the Arms Conference, together with opinions regarding it from all over the world. The Governor of Montana was moved to telegraph, a few days ago, that "the last number of The Literary Digest was a veritable treasure-house of information regarding the scope and possibilities of this historic International Conference." Five hundred thousand school children already are studying The Literary Digest in their classrooms, and the fullest co-operation is provided to enable all others to enjoy the same benefit.

NOW .. TO .. BE .. SEEN .. IN .. THE .. FILMS.

Ruth Roland, Others, Now Wearing Ostrich Plume Garters.

HAVE you seen the new ostrich plume garters? Ruth Roland is wearing them, or at least she was wearing them yesterday, according to Peggy Hamilton, who has inaugurated the Motion-Picture Fashion Films, to be shown at the California Theater a week from next Monday.

Of course, other garments besides garters will be worn by the fair models picked by Miss Hamilton to exploit the fashions of the day through the mediumship of the films, but it is expected that the garters will attract their share of attention. These limb-bandages are adorned with ostrich plumes, tassels and tips of all descriptions and colors, donated by the birds at the Cawston farm. The pictures to be shown are being photographed by G. W. Gibson, under the direction of Miss Hamilton, who intends to make of these films a sort of animated version of her Sunday Times Fashion Page. Among the stars who are posing for the pictures are Carmel Meyers, Edith Johnson and Jacqueline Logan. The attractive misses we picture are—but, oh, what's in a name!

Caution, Go Slow and Be Alert.

Isabel Hale, safety commissioner for the Santa Fe Railroad, will arrive in the city this morning from Chicago, and will be heard every day this week at some of the downtown clubs, among them being the Advertising Club, Optimus Club, Rotary Club and Kiwanis Club.

The Los Angeles Railway will run a special demonstration car over various lines in the congested district each day. Thousands of automobiles were equipped yesterday with windshield stickers and banners, and in every case the attention of the public is called to this great work.

LOS ANGELES IS LEADER.

FIRE THREATENS MALIBU RANCH.

(Continued from First Page.)

saw several dogs, which led them to suspect either wilful incendiarism or careless campers. The fire broke out almost simultaneously, it is reported, in ten different places along the coastline.

Mr. Sooton said that Superintendent Stubbfield of the ranch had reported the fire to the supervisors Saturday night.

"I also heard that there's a big fire raging on the north side of the slope, over Calabasas-way, and reports have come in of another fire in the Yerba Buena district," said Mr. Sooton.

DEATH ENDS WORK OF PIONEER ARTIST.

MRS. JEANIE SPRING PEET, MODELER OF MISSIONS, DIES IN HOSPITAL.

Mrs. Jeanie Spring Peet, one of the pioneer artists of Los Angeles, died yesterday in a private hospital in this city. In accordance with her written wishes her body will be cremated without any ceremony, as she expressed it. The body is at the undertaking parlors of George E. Whitely.

Mrs. Peet was 79 years old and first came to Los Angeles by stage coach in 1874. She returned here with her mother, the late Mrs. Rebecca Buffum Spring, in 1883, and since that time had made her home here, maintaining her studio for many years at North Soto and Polson streets. She was well known locally for her art work, especially her modeling of the old missions of California. Mrs. Peet was also a writer and many of her poems have been published in the principal magazines of the country. She first came to California as a special correspondent for the New York Tribune under the direction of Horace Greeley. She was an honorary member of the Women's Press Club.

Mrs. Peet was born in Brooklyn, N. Y., in 1845, and was the only daughter of Marcus and Rebecca Spring. Her mother was a member of the Friday Morning Club and died here when 100 years old. Mrs. Peet was the grand-daughter of Arnold Buffum of Rhode Island, first president of the New England Anti-Slavery Society, organized in 1832, and was the niece of Elizabeth Buffum Chace, first president of a women's club in this country, at Fall River, Mass. Mrs. Peet was married three times — to the late James Steele MacKaye of New York, T. L. Johns of San Francisco and to Dr. Gilead Peet, who was at the head of an American ambulance service unit in Paris during the Franco-Prussian War. She leaves several children.

THEOSOPHICAL LEADER SPEAKS ON PROBLEMS.

Mrs. Katherine Tingley, the leader of the Theosophical movement throughout the world, addressed a large audience at Symphony Hall, Music-Art Studio Building, last night on "Theosophy and the Vital Problems of the Day." She said in part: "The soul of man seeks recognition. The human mind should accept the principle of man's divinity and accordingly apply it unflinchingly to every duty in life. With this comes an awakening and strengthening of the conscience; and ere long man finds himself on the path of enlightenment and self endeavor, with a splendid quality of constancy in carrying out his directed evolution, as far as the law of Karma will permit."

TO EXAMINE BODY.

Autopsy Surgeon Will Report on ex-Banker's Death.

Arrangements are to be made today for services over the body of O. W. Fox, 61 years old, retired banker of 2307 West Twenty-fourth street, who is believed to have died of a heart attack while on his way home Saturday. The body was found in a vacant house at 2412 Fourth avenue, just around the corner from the Fox home. He was returning with some groceries and in the middle of the house when he fell ill. A small bottle that had contained diphtheria medicine was found near him. The position of the body indicated Mr. Fox fell face downward immediately after entering the house.

The body is at the W. A. Brown undertaking parlors. County Autopsy Surgeon Wagner will make a post-mortem examination today to determine the cause of death in order that a certificate may be signed and the insurance record kept clear.

NOT ENOUGH HENS.

Poultry Hasn't Kept Pace With Human Population in America.

City folks who move to the country—and most of them want to but won't admit it—always want to keep chickens. It seems easy. It promises to be profitable, and anyhow there is something fascinating in the idea, to women as to men.

Under the circumstances, then, the United States chicken census of last year, report of which is just available, possesses sentiment as well as business interest.

There were 34,827,385 chickens on farms in the United States on Jan. 1, 1920, as against 28,024,000 chickens three months old or more April 1, 1919. Inasmuch as many chickens are slaughtered and marketed each year between January 1 and April 1, comparison is difficult. The actual increase if there was any probably corresponds with that in egg production — 5.2 per cent. In actuality, growth of fowl population does not keep pace with that of human beings. No wonder eggs and fried chicken come high.

Iowa leads, with 27,746,510, with Illinois, Missouri, Ohio and Texas not far behind. (Beaumont Journal.)

WRIT FOR WRIT.

One day last week in connection with his duties as execution deputy in the office of Sheriff Holycross, Joseph Joergler was dispatched to the home of a colored lady of musical attainments, whose residence is in a fashionable alley of the East Side, to take back the piano which she had purchased from an installment house and neglected to pay for.

The deputy sheriff rapped at the door of the woman and informed her that he had a "writ of replevin" for her piano.

"What you got?" inquired a man's voice from the dark of the room.

"A writ of replevin," answered the deputy.

"Don't you give him the piano," advised the man. "You just go down to the Courthouse and get you a writ of habeas corpus and keep the piano!" he advised.

The Wrong Bull.

Sportsman: Chudleigh is a good shot, isn't he?

Second Sportsman: We were practicing with our guns the other day and he hit the bull's-eye the first time.

"Very clever."

"Yes; but he had to pay for the bull!"—[London Answer.]

GRID MENTORS GET TOGETHER.

Pacific Coast Colleges Hold Annual Meeting.

Will Draw Up Schedules for Coming Season.

U.S.C. Wants Membership in Conference.

(BY A. P. NOBLE WIRE.) PORTLAND (Or.) Dec. 4.—Coaches, athletic managers and faculty representatives of the larger universities and colleges of the Far West met here December 3, 8 and 10 to talk over the intercollegiate clashes of the year soon to close and to draw up schedules for next year.

Two annual meetings, one of the Pacific Coast Intercollegiate Conference and the other of the Northwest Conference, will draw representatives of the schools to Portland. The Northwest Conference will meet December 8 and the Coast conference December 10. Preparation of the 1922 football schedule probably will take up most of the time at the meeting. One change that will be made is to have every member of the Northwest Conference meet every other member during the football season. Last season they did not all meet.

University of California, which won the Coast Conference title this year and last year, has prepared a tentative schedule, which includes a game against the University of Washington at Seattle, a game outside the conference against the University of Southern California at Los Angeles, a game at Berkeley against some outside northern school, probably the Oregon Agricultural College, and the traditional "big game" against Stanford University.

University of Oregon hopes to schedule at least two conference games at Eugene next year. This year the only game played at Eugene was the State title contest against the Oregon Aggies, and the game was played at Corvallis. Oregon also wants to meet Washington each year again, making the annual clash between these two big events in Northwest football and playing it at Seattle and Portland or Eugene in alternate years.

Stanford, which has sent its varsity to Seattle for two years in succession, probably will meet Washington in the new Cardinal stadium next year. The Stanford eleven is expected to play at the University of Southern California in the stadium next year. Southern California Stanford alumni plan to make this an annual game, played one year at Stanford and the next at Los Angeles.

University of Southern California probably will apply at the meeting for admission to the Coast Conference. If the request is granted, the organization will probably outline the football schedules for the next four years, calling for trips north each year by the visiting team and trips south each year by two northern members. Last year the conference told U.S.C. to wait a year. A visit was scheduled last year, but it was abandoned when California, Stanford and Washington formed a "big three" and arranged a schedule which did not agree with the conference plan.

EXETER HOLDS Selma Team to Scoreless Tie.

(SPECIAL DISPATCH.) EXETER, Dec. 4.—Exeter and Selma football teams, battling for the title of San Joaquin Valley champion, played a no-score game here today before a crowd of 6000 fans.

Selma traveled to Exeter, bringing their band and 1000 fans, who, although they tried hard, could not root their team to victory. The game was a tie, 0-0.

At the end of the first half Exeter had the ball on her opponent's 5-yard line, but could not put it across. The only time Selma came near scoring was when she had the ball on Exeter's 3-yard line with three downs to go, but the Exeter line held. This happened in the last quarter with only a few minutes to play.

Exeter was weakened by the absence of Sparks, Brandon and Lucas, these men having been hurt in a game between the Exeter first and second teams.

Hornby After Fortune for His Services.

Has Rogers Hornby, world's premier second baseman, asked the St. Louis Cardinals \$75,000 for the next three years?

He has, according to some closely associated with him, although Hornby himself could not be sounded on the matter.

This is approximately what Babe Ruth has been receiving in New York, and is the same ratio which he has been receiving in the California League, \$10,000 for ten weeks.

St. Louis probably can't and won't meet these figures, but no doubt will meet Hornby halfway or two-thirds of the distance. Hornby could receive \$75,000 for three years with the New York Giants, and McGraw willingly would pay double that amount for him, but St. Louis isn't New York.

CHIEF ENGINEER DIES.

Funeral Services for Power Official to Be Conducted Tomorrow.

Gustavus O. Newman, chief engineer for the San Joaquin Light and Power Company and the Midland Electric Public Service Corporation, died yesterday at his home here, 607 Park View avenue. Funeral services, which will be private, will be conducted at the former residence of Mr. Newman tomorrow at 10 a.m. Mr. Newman was the father of Rolf, Miller and Davis Newman and Mrs. Paul Newman.

NEW ARREST TO HALT ALIMONY?

Wealthy Theft Suspect in Danger of More Woe.

Mrs. Heil's Divorce and Her Probation Recalled.

Erbstein May be Attorney for Woman, Report.

(SPECIAL DISPATCH.) CHICAGO, Dec. 4.—The terms of the decree granted in the divorce of Etta Heil, arrested in Los Angeles as a society thief, and Joseph Heil, wealthy Chicago foreign exchange broker, stipulated that the income of \$300 a month granted Mrs. Heil was to be cut off in the event Mrs. Heil ever became entangled in difficulties with the police. In addition to the monthly allowance, Mrs. Heil was to get a home, not to exceed \$10,000 in value, and furniture valued at \$15,000.

The allowance was to be discontinued in the event she remarried, the decree stated. The court order was fixed by Judge Brothers.

Mrs. Heil's reported escapades in Los Angeles also promise to result in additional complications with the authorities here. The terms of probation granted her by Judge Kernen placed her on good behavior for a year, and violation of the probation during that year automatically places her in a position of parole violator and subject to extradition by Illinois authorities and to a sentence in the penitentiary.

Friends of the Heil family here were reported as saying that Charles B. Erbstein, noted Chicago attorney who is representing Mrs. Madalynne C. Obenchain in the Kennedy murder case in Los Angeles, has been retained to represent Mrs. Heil when he returns to California. Mr. Erbstein, from his country home at Elsin, declined to make any comment on the report.

Says He Helped Steal Autos to Show Thanks.

Detectives Harry Raymond and J. E. Ervin of the Automobile Club of Southern California and R. T. Burge, former Police Commissioner, believe a bank robbery or big jewel theft was frustrated by the recovery of the ex-Commissioner's stolen automobile and the capture of the asserted thief.

Dan Daley, aged 36, said by police to be an ex-convict, and Frank H. Forbes, 16, are under arrest on charges of suspicion of grand larceny in connection with the stealing of Mr. Burge's Packard automobile. Forbes told the officers yesterday he helped Daley steal machines out of gratitude because the latter took him in when he was hungry and homeless.

Mr. Burge said last night he had information of a gang in Los Angeles wanted a big fast car in order to make a successful escape after accomplishing a theft coup. This angle is being investigated by police in connection with the present arrests.

ASKS POLICE TO FIND ALASKAN VISITOR.

Police yesterday were requested to trace Joseph H. Miller, member of the United States Marshal's Staff at Fairbanks, Alaska. Mr. Frederic Gulon of Encanto, wired the police that it is a case of death and Mr. Miller must be notified immediately. He is driving through from Encanto to San Diego, she stated.
